CASINO WAR

ATLANTIC CITY

Casino War is the easiest card game to play in the casino. If you ever played War with friends or simply made a bet on who could draw the highest card, then Casino War will be familiar.

HOW TO PLAY

Players make an initial wager prior to any cards being dealt. Each Player and the Dealer will receive one card faceup. To win the wager, the rank of the Player's card must exceed the rank of the Dealer's card. Winning wagers are paid 1 to 1.

GOING TO "WAR":

If the Player's card matches the Dealer's card in rank, the Player can either surrender half of their initial wager and the hand ends or go to "War".

If a Player elects to go to "War" they will make a "War" wager and surrender their entire initial wager. The "War" wager must be equal to their initial wager. The Dealer will burn three cards face down and deal one card faceup to the Player. The Dealer will then burn three more cards face down and one card is dealt face up to the Dealer. The highest ranking "War" card wins the "War".

If the Player wins the "War", their "War" wager is paid 2 to 1. If the "War" hand is a tie, the "War" wager is paid 3 to 1. If the Dealer wins, all wagers are collected.

OPTIONAL BONUS TIE BET:

Casino War features an optional bonus bet on a tie. If the Player's and Dealer's card is the same rank, the tie bet is paid 10 to 1. Tie bets are permitted to be placed for the initial wager and the "War" wager.
